the University of Pennsylvania, this page lists over one million free books available for download in dozens of different formats.

Ap Biology Multiple Choice Questions

In the multiple choice section of the AP Biology test, you will have 90 minutes to answer 63 multiple choice questions and 6 grid-in items. The multiple choice questions are composed of two types of questions, stand alone and data questions. Stand alone questions are your average multiple choice question and make up a little over half of the questions in the section. Data questions are a series of questions about a single data set (graphs, charts, experiment summary).
