Adam Rutherford - Creation How Science Is Reinventing Life Itself Audiobook

It is these recent advances in genetics that are the main topic of Creation: How Science is Reinventing Life Itself by science writer Adam Rutherford. Rutherford begins by giving us a refresher in basic biology, by way of running through the 3 ideas that stand at the heart of modern biology: 1) cell theory; 2) Darwin's theory of evolution by natural selection; and 3) the structure and operation of DNA.

#38. A Summary of 'Creation: How Science Is Reinventing ...

Creation Science Is Real Science. Evolutionists and some old-earth creationists frequently charge that scientists who believe in a young earth don't have real degrees and don't do real scientific research that can be published in peer-reviewed secular scientific journals.

Creation Science | Answers in Genesis

For much of his life Walt Brown was an evolutionist, but after years of study, he became convinced of the scientific validity of creation and a global flood. Since retiring from the military, Dr. Brown has been the Director of the Center for Scientific Creation and has worked full time in research, writing, and teaching on creation and the flood.
